

Aquamarine

PRIVATE VILLA

Located high on the St. Jean hillside, the 2 bedroom Villa Aquamarine is simple, easy - and very nice. The view is outstanding and it is only minutes away. by car, from St. Jean's great beach, boutiques, and restaurants. A breakfast bar separates the roomy, well-equipped kitchen from the air-conditioned living room which in turn, opens out via glass sliders onto a covered dining terrace and beyond to its pretty pool and sun decks. The layout here flows smoothly: a door in the kitchen provides convenient access to the dining terrace - great for serving and cleaning-up; a wrap-around verandah is accessible from both bedrooms and leads to the pool terrace; and a bathroom next to the second (twin/king) bedroom also functions as the villa's guest bath. A lovely draped, 4-poster French-size king bed graces the master bedroom and its en suite bath is spacious with a double vanity and loads of storage space for lotions and potions. Amenities include US satellite TV in the living room and Wifi.
