

Casa del Mar

PRIVATE VILLA

Luxurious and deliciously private, Villa Casa del Mar is ensconced in Petit Cul de Sac's exclusive gated community Domaine du Levant. Actually a two-villa compound with a total of 6 (French king) en suite bedrooms, the main house has four and its little-sister villa Casa Del Sol, connected via a walkway, has two. (They cannot be rented separately to ensure privacy.) Its tropical garden setting is lovely and enhances the expansive outdoor living and dining spaces which include a contemporary-styled gazebo, a Jacuzzi, and two pools – heated in winter. Panoramic views abound and early birds are treated to gorgeous sunrises. Other special features include a fitness room, air-conditioned for comfort with its own bath and a media room. The décor is coolly modern with a soothing palette of grays and whites; the bedrooms have plasma TVs with Dish service and DVR players, iPod docks and amenities that include plush robes. Casa del Mar provides the St. Barth villa lifestyle at its finest.
