

D'zir

PRIVATE VILLA

A thoroughly modern villa, with a soothing palette, Villa D'Zir appeals to those seeking luxurious accommodations without sacrificing comfort and the all-important "on vacation" mindset. An expansive stone terrace, graced by an extra-long heated infinity pool, looks out to the sea and over the island's rolling hills and red roof tops. In short, the views are stunning. The outdoor space is furnished, for dining and toes-up relaxing. A designer kitchen with a breakfast bar can be separated from the living room by a sliding wood paneled door. Voila! With a comfy sectional couch and a big-screen TV, you have a media room.

All three en suite bedrooms have king beds, ocean views and U.S. satellite and Apple TV. The master suite is off the living area and the other two are situated off an opposite hallway. Special features include a lower-level fitness room. Hillside in Colombier, D'zir is located below everyone's favorite bakery, making for an easy pick-up for your baguette and some yummy French pastries. Just next door, the popular casual restaurant Les Bananiers serves great pizza; pick up a pie to enjoy on your terrace. You're on vacation.
