LIVE YOUR DREAM®

A delightful hillside villa a nice hideaway vibe. Once guests step inside, they are treated to a breathtaking ocean pool. A comfy sectional sofa is kitty-cornered and perfect for watching the sunset over the ocean. The view is a beautiful seascape that says "relax; put your feet-up." The sleek stainless kitchen has a breakfast bar and opens to a portico for dining and just beyond, there is a bi-level deck for sunning. A charming gazebo at the foot of the pool is a perfect spot for morning coffee and sunset cocktails – or curling up with your Kindle. The

two master king bedrooms are on opposite sides of the villa with access to the terrace and pool. One is in a separate pavilion while the other one has the 3rd bedroom adjacent to it, with twin beds convertible to a king - perfect for parents who want their younger children close to them. Each has en suite bath with double vanities and rain showers. A 4th en suite bedroom – with a king bed - is privately located on the lower level. Nautical buffs take note, if you stay at Villa Etoile Brillant while one the island's many regattas are taking place, you will enjoy an amazing view of the billowing sails as the contenders race by. Check our online calendar for the dates when these maritime events take place.
