The deluxe Villa Lagon Rose is situated in the elite gated community of Domaine du Levant and features 5 identical king/twin bedrooms, all nicely appointed, with en suite baths. It's an ideal choice for several couples vacationing together, or an extended family. The views are delightful and the beach lies a short distance below. A well-equipped kitchen has both a breakfast bar and a high-top table for casual meals. There is a covered, poolside dining terrace and loads of room for sunning, relaxing and entertaining. The main level also includes a spacious and comfortable living room with TV, two of the bedroom suites and a guest bath. A separate, mid-level pavilion houses 2 identical bedrooms with baths en suite. They share a private sundeck and an additional covered dining terrace, accessible via glass sliders. The 5th bedroom suite is nicely secluded and private on the villa's lower level.
