

# Beach House

PRIVATE VILLA

All you need is love to enjoy a romantic getaway on the petite side of St. Jean Beach at the sweet and simple Villa Beach House. A lovely bedroom (French king bed) with an en suite bath, that is also connected to the living room, opens to the terrace – and the sound of the lapping waves. Fully air-conditioned throughout, an open floor plan includes a spacious living room and a dining area à deux adjacent to a compact well-equipped kitchen – a bar with seating defines the space. A covered deck extending into a garden provides additional outdoor living and dining space. A path bordered with palm trees leads a gate and the beach; within a minute you'll have your toes in those warm aquamarine waters.
