Luxurious, chic and spacious, the 5 bedroom Villa Belle Etoile boasts a sweeping vista of the sea and one of the island's longest private pools. It's 92 feet! There's a sleek eat-in kitchen (for 10) with an oversized island and a feet-up-and-relax living room. Located on either side of a loggia, all three spaces open to the pool deck furnished for sunning and al fresco dining. Guests love the double daybed suspended from the loggia's vaulted ceiling. What a spot to take in that view.

All the bedrooms are air-conditioned and screened. Four are in the main house, two downstairs (that can connect) and two on the upper level. They offer a serene ambience and have king beds, en suite baths, TVs and a terrace or a balcony with views of the sea and the lush tropical gardens. The master suite (French king bed) is located in its own pavilion with a private terrace. Its en suite bath has a tub and shower. The villa's special features include an air-conditioned fitness room and a Sonos sound system. TV viewing
