LIVE YOUR DREAM®

Enjoy a sweeping vista of the sea, Corossol Beach and Gustavia's iconic harbor. The spacious living room has glass walls in air-conditioned comfort. Opened, the indoor and outdoor space, with its expansive palm-tree studded deck, shade, the terrace's focal point is an extra-long heated infinity pool. A soothing cool gray palette throughout is complemented with Caribbean-hued accessories that provide bright pops of color and a fun touch of informality. Unique works of art including pieces by the well-known photographer Désirée Dolron, and dramatic lighting add interest and ambiance.
